Uh, uh, uh, uh

Bring it! What? We right here  
We're not goin' anywhere, we right here  
This is ours and we don't share, we right here  
Bring your crew 'cuz we don't care, we right here, uh,  
uh, uh

One mo' time, I gots to hit the streets off, make the  
streets talk  
Let 'em know it ain't a sweet walk  
This gone be the only joint made this year that'll knock  
'til 2003  
And y'all gone see that the hottest nigga out there

Was, is, and will be me, just like that I can go away for  
a minute  
Do some other shit, but bounce right back  
And when it's on I'm comin' strapped, with some shit  
That'll spit from dusk 'til dawn, and when you gone

Ain't no comin' back in the morning, like that shit was a  
dream  
Nigga you gone that's for real, creep niggas like a  
seal, totin' steel  
Stick a nigga make him squeal, oh, my God  
Those can't be the last words of ya man  
Damn ya man was so hard, come on!

Bring it! What? We right here  
We're not goin' anywhere, we right here  
This is ours and we don't share, we right here  
Bring your crew 'cuz we don't care, we right here, uh,  
uh, uh

Here we go again, how many million did my last one  
sell?  
Fuck it, I'm goin' for ten, it's never gone stop  
And ever fuckin' time I hit you, it's goin' straight to the  
top of the charts  
The champion, I'm a thoroughbred, my blood is strong

And I scratch 'til you done, cross the line  
And ain't no more scratches after that, straight up  
Niggas is dyin', yo, what the fuck, is you cats doin'  
runnin'  
Around like this? Like you won't get stuck, yo, that's my  
word

I stay givin' it to niggas, and I stay not really being  
heard  
But, y'all gone see that the same things thou done to  
them  
Will be done to thee, and then you'll know that  
sometimes  
Though you come thru the front, you leavin' out the  
backdo', come on!

Bring it! What? We right here  
We're not goin' anywhere, we right here  
This is ours and we don't share, we right here  
Bring your crew 'cuz we don't care, we right here, uh,  
uh, uh

Bring the noise, and you better come with niggas  
You don't give a fuck about, 'cuz you gone lose your  
boys  
'Cuz we don't play and the silencer will silence any  
cocksucker  
With somethin' to say, dog for life

Whether I'm on or off the leash I bite, streets are my  
life  
Click, click, boom, another life taken too soon  
Another mother had a funeral, still waters run deep  
And the pain is forever alive inside, makes it hard to  
sleep

But I keep goin', goin', shit, I'm always careful when I  
walk  
I'm always seein', knowin', the dog gone live, stay  
walkin' the wire  
Over the fire, when I can I give the dog is good and  
how it's stayin'  
Dog gone fuck with the hood, the dog fuck with the  
wood

Bring it! What? We right here  
We're not goin' anywhere, we right here  
This is ours and we don't share, we right here  
Bring your crew 'cuz we don't care, we right here, uh,  
uh, uh

Bring it! What? We right here  
We're not goin' anywhere, we right here  
This is ours and we don't share, we right here  
Bring your crew 'cuz we don't care, we right here, uh,  
uh, uh

We right here  
Uh, uh, uh
