Bring it! What?
We right here
We're not goin' anywhere
We right here
This is ours and we don't share
We right here
Bring your crew 'cuz we don't care
We right here

One mo' time
I gots to hit the streets off, make the streets talk
Let 'em know it ain't a sweet walk
This gon' be
The only joint made this year that'll knock 'til 2003
And y'all gon' see
That the hottest nigga out there, was, is, and will be me
Just like that
I can go away for a minute, do some other shit, but
bounce right back
And when it's on

I'm comin' strapped, with some shit that'll spit from
dusk 'til dawn
And when you gone
Ain't no comin' back in the morning, like that shit was a
dream
Nigga you gone
That's for real
Creep niggas like a seal, totin' steel, stick a nigga
make him squeal
Oh, my God
Those can't be the last words of ya man, damn ya man
was so hard
Come on

Bring it! What?
We right here
We're not goin' anywhere
We right here
This is ours and we don't share
We right here
Bring your crew 'cuz we don't care

We right here

Here we go again

How many million did my last one sell? Fuck it, I'm goin'
for ten

This never gon' stop, and every fuckin' time I hit you
It's goin' straight to the top of the charts

The champion

I'm a thoroughbred, my blood is strong, and I scratch
'til you done

Cross the line

And ain't no more scratches after that, straight up,
niggas is dyin'

Yo, what the fuck

Is you cats doin' runnin' around like this?

Like you won't get stuck, yo, that's my word

I stay givin' it to niggas and I stay not really being
heard

But, y'all gone see

That the same things thou did to them, will be done to
thee

And then you'll know

That sometimes though you come thru' the front
You leavin' out the backdo', come on

Bring it! What?

We right here

We're not goin' anywhere

We right here

This is ours and we don't share

We right here

Bring your crew 'cuz we don't care

We right here

Bring the noise

And you better come with niggas you don't give a fuck
about

'Cuz you gone lose your boys

'Cuz we don't play

And the silencer will silence any cocksucker with
somethin' to say

Dog for life

Whether I'm on or off the leash I bite, streets are my
life

Click, click, boom

Another life taken too soon, another mother had a
funeral

Still waters run deep

And the pain is forever alive inside, makes it hard to

sleep
But I keep goin', goin'
Shit I'm always careful when I walk, I'm always seein',
knowin'
The dog gone live
Stay walkin' the wire, over the fire, when I can I give
The dog is good
And how it's stayin' dog gone fuck with the hood
The dog fuck with the wood

Bring it! What?
We right here
We're not goin' anywhere
We right here
This is ours and we don't share
We right here
Bring your crew 'cuz we don't care
We right here

Bring it! What?
We right here
We're not goin' anywhere
We right here
This is ours and we don't share
We right here
Bring your crew 'cuz we don't care
We right here

We right here
We right here
We right here
