In the name of Jesus  
No weapon formed against me shall prosper (preach)  
And every tongue that rises against me in judgment  
thou shall Condemn (preach)  
For this is the heritage of the servant of the Lord  
(preach)  
And that righteousness is of me says the lord (preach)  
Amen  
Lord give me a sign

### Verse 1

I really need to talk to you lord  
Since the last time we talked the walk has been hard  
Now I know you haven't left me but I feel like I'm alone  
I'm a big boy now but I'm still not grown  
And Im still goin thru it the pain and the hurt  
Soaking up trouble like rain and the dirt  
And I know only I could stop the rain  
With just the mention of my saviors name  
In the name of Jesus  
Devil I rebuke you for what I go through  
And trying to make me do what I used to  
But all that stops right here  
As long as the lord's in my life I will have no fear  
I will know no pain from the light to the dark  
Imma show no shame spit it right from the heart  
This is right from the start, you held me down  
And ain't nothing they can tell me know  
Lord give me a sign

### Hook (x1)

Let me know what's on your mind let me know what I'm  
gonna find  
It's all in time show me how to teach the mind show me  
how to reach The blind  
Lord give me a sign, show me what I gots to do to bring  
me closer to You cause Imma go do whatever you want  
me to just let me know what to do Lord give me a sign

### Verse 2

Please show me something  
I'm tired of talking to him knowing he frontin

Crying 'bout life ain't nothin'  
Cause you either be the one mad cause you trapped or  
the one huntin  
Trapped in your own mind waiting on the Lord

Or huntin with the word that cuts like a sword  
The spoken word is stronger than the strongest man  
Carries the whole world like the strongest hand  
With the trial and tribulations you never let us down  
Jesus  
I know you here with us now  
Jesus  
I know you still with us now  
Keep it real with us now I wanna feel show me how  
Please let me take your hand  
Guide me or walk slow but stay right beside me  
Devil's tryin to find me, hide me  
Hold up I take that back  
Protect me and give me the strength to fight back  
Lord give me a sign

Where'd you go?  
I miss you so  
Seems like it's been forever  
That you've been gone  
Where'd you go?  
I miss you so  
Seems like it's been forever  
That you've been gone  
Please
