You could be blind but you gon' see it when you need to see it
You gon' be fine 'cause you gon' be it when you need to be it
One of a kind, frustrate your mind and then you'll free your spirit
Go where I go, dog in my life
You could be blind but you gon' see it when you need to see it
You gon' be fine 'cause you gon' be it when you need to be it
One of a kind, frustrate your mind and then you'll free your spirit
Go where I go, dog in my life

Now if you start with dirt, then you start with hurt
You start with "Oh, you ain't got?", Well here, take my shirt
Start with work, blood and tears over the years
Goin' through whatever we go through, we stickin' it out here
Pups turn into dogs, tadpoles into frogs
I'm just eatin' what's in front of me, ain't thinking about yours
But I'ma keep my paws on what's mine
Beg 'til I find, strapped 'til I'm blind

And I'm a nigga that whatever I do, still gon' be able to spit this
I'm wit' this, 'cause this is mine, you scared shitless
Rap niggas can't fuck with the dog, never
Could be twenty below outside, I'm built for the weather
It could be hotter than lava, I wouldn't bother to sweat
Some of you niggas, form a following, but you startin' to forget
I paid my dues, not only did you not wear, but you would really love it
If you could meet that cat that made my shoes, c'mon

You could be blind but you gon' see it when you need to see it
You gon' be fine 'cause you gon' be it when you need to

be it
One of a kind, frustrate your mind and then you'll free
your spirit
Go where I go, dog in my life
You could be blind but you gon' see it when you need to
see it
You gon' be fine 'cause you gon' be it when you need to
be it
One of a kind, frustrate your mind and then you'll free
your spirit
Go where I go, dog in my life

Now see, what I do is peep shit, keep shit low key
Pay attention to what you trying to show me, listen
But you never know me, listen, don't give me and you
don't owe me
Don't tell me that you love me, don't talk shit, don't kill
me slowly
'Cause a dog like me, is an only
Meaning, hit another like me, the truth hurts, but I can't
be phony
You always looking for bad, look at you mad
But you won't be satisfied 'til it look what you had

I'm a thorough nigga, I keep my word
And anybody that's ever met me, got love for me, so I
keep a herd
And that shit y'all niggas told me got me fucked up in
the head
Went from, "Yo, that's my dog" to, "Yeah, that nigga
dead"
What the fuck is all this? News to me
Dog, it's like that, ain't what it used to be
See some niggas choose to be on the other side of the
fence
Keep riding with this, get fried in the mix, c'mon

You could be blind but you gon' see it when you need to
see it
You gon' be fine 'cause you gon' be it when you need to
be it
One of a kind, frustrate your mind and then you'll free
your spirit
Go where I go, dog in my life
You could be blind but you gon' see it when you need to
see it
You gon' be fine 'cause you gon' be it when you need to
be it
One of a kind, frustrate your mind and then you'll free
your spirit
Go where I go, dog in my life

Now if it ain't that, then don't say that 'cause I don't
play that
Y'all play that but the okay, Black, damn, why you say
that?
I thought that, what? Nevermind, I just thought it
We supposed to keep it real and destroy what I was
taught
Misery loves company
Now you niggas talikin' 'bout jumpin' me, pumpin' me
Full of slugs, blood, stud with the love
Damn, I just gave, what a real nigga does

Don't listen to the buzz, don't get caught up in the hype
You'll lose everything that you worked for trying to take
a nigga's stripes
Live life through life so on and so on
That's when the grow on, man, get the flow on
You niggas gettin' too old for this kid shit
On the real, we all done did shit to get shit
Snake shit, right is right, wrong is wrong
Motherfucker, listen to this song, you see what shit I'm
on, c'mon!

You could be blind but you gon' see it when you need to
see it
You gon' be fine 'cause you gon' be it when you need to
be it
One of a kind, frustrate your mind and then you'll free
your spirit
Go where I go, dog in my life
You could be blind but you gon' see it when you need to
see it
You gon' be fine 'cause you gon' be it when you need to
be it
One of a kind, frustrate your mind and then you'll free
your spirit
Go where I go, dog in my life

You could be blind but you gon' see it when you need to
see it
You gon' be fine 'cause you gon' be it when you need to
be it
One of a kind, frustrate your mind and then you'll free
your spirit
Go where I go, dog in my life
You could be blind but you gon' see it when you need to
see it
You gon' be fine 'cause you gon' be it when you need to
be it
One of a kind, frustrate your mind and then you'll free

your spirit
Go where I go, dog in my life
