Hanging around in all the right bars
Could have taken this too far
Searching for the latest creep show
New bands are welcome oh no

This one man that sells the new beer
Won't drink too quick, won't make nothing
Sell, sell, sell the unit shifter
You won't take advantage of us

Is it the next big thing?
Better than everything?
We've seen it all before
Are you the coolest band?
Yes, we were so unplanned
We've seen it all before

Get your checkbooks on the table
Money talks, it's able
Blind us with the latest jargon
By this point most are too far gone

We know how to break the routine
Don't matter pressures of scene
Sell, sell, sell the unit shifter
You won't take advantage of us

Is it the next big thing?
Better than everything?
We've seen it all before
Are you the coolest band?
Yes we were so unplanned
We've seen it all before

You're trying to be someone else
You're trying to be someone else but yourself
You're trying to be someone else
You're trying to be someone else but yourself

You're trying to be someone else
You're trying to be someone else but yourself
You're trying to be someone else

You're trying to be someone else but yourself
But yourself, but yourself

Is it the next big thing?
Better than everything?
We've seen it all before
Are you the coolest band?
Yes we were so unplanned
We've seen it all before

Is it the next big thing?
Better than everything?
We've seen it all before
Are you the coolest band?
Yes we were so unplanned
We've seen it all before

Conclusions
