Hey plastik people
You're the stars of the screen
Seen you posing in the magazines
Watch your movements so synchronized
Can't avoid you on a Friday night

Oh, oh, oh, the plastik people
So synchronized
Oh, oh, oh the plastik people

Hey TV man, he says that you'll go far
Got a record deal a new sports car
What's the matter with your plastik face
Have you got a hair out of place

Oh, oh, oh, the plastik people
So synchronized
Oh, oh, oh, the plastik people
On a Friday night
Oh, oh, oh, the plastik people
