Let's get it on

Swizz BeatzWe don't give a what what

We don't give a what what(shiet)

Get it on the floor

Get it get it on the floor (WHAT?!)

Get it on the floor

Get it get it on the floor (WHAT?!)

You don't wanna party then your ass gotta go (WHAT?!)

You don't wanna party then your ass gotta go

Now you can ride to this motherfucker (uh)

Bounce to this motherfucker (uh)

Freak to this motherfucker (let's get it on)

Get it on the floor (WHAT?!)

Get it get it on the floor (WHAT?!)

Get it on the floor (WHAT?!)

Get it get it on the floor (that's right)

Once again it's the darker nigga

Here to spark a nigga, break apart a nigga

But the dog is bigger, under stress

So unless you're wanting to bless to the chest

These slugs from his Smith and Wess REST

Or the pump'll put a hurt on a nigga

DUMP SIX, motherfucker feed em dirt on a nigga

My hands stay dirty, cause I play dirty the mob way

You don't know? fuck it find out the hard way

A nigga's job is never done

I handle my business how it come

And there's never been a one on one

Nor has there been a problem, I dissolve them

I'm like salt, I'll get up

Hate to fall but never wreck his car

And it's my fault, keep niggaz on point ducking down

Niggaz like you need to get bust you fucking clown

I extort to support my peeps

And hold down the fort, never get caught cause I

creeps NIGGA

Get it on the floor

Get it get it on the floor (WHAT?!)

Get it on the floor

Get it get it on the floor (WHAT?!)
You don't wanna party then your ass gotta go (WHAT?!)
You don't wanna party then your ass gotta go
Now you can ride to this motherfucker (uh)
Bounce to this motherfucker (uh)
Freak to this motherfucker (let's get it on)
Get it on the floor (WHAT?!)
Get it get it on the floor (WHAT?!)
Get it on the floor (WHAT?!)
Get it get it on the floor (that's right)

I'm at the crossroads, look but I'm not really sure which
way to go
Should I play that low for what I did the other day
They on their way to float, got me striking this random
I can't stand em, fake ass niggaz want to be the
Phantom
Looking over my shoulder, cause it's colder than it was
And start shorty, because I'm a little older than 'cause
And the buzz from the saw, wit the chain to your brain
Will turn that BIG NIGGA to a fucking stain
That pain from the dirt makes the hurt go away for a
minute
But I'm gon die by it cause I'm like knee deep in it
And you motherfuckers wonder why I start shit
Cause when you look in my face you see that hard shit
Cause I done been to hell and back I ain't wit selling
crack
I'd rather rob a nigga leave him wit a shell up in his
back
On the real just to show proof, hit the G.W.B
And blow the whole roof off the toll booth bitch ass
nigga

When I crawl, leave a nigga sprawled out after I spoke
em
I'll slit his throat, dick in the mud and let his blood
choke em
Up north niggaz get the pick stuck up in em
And in the streets bitches get the dick stuck up in em
My M.O. is man-slaughter kid
Cause on the reals I done wet up more motherfuckers
than water did
Slid, cause I got to slide when the dirt is done
A homicide but they want me on the Murder 1
But as long as I got my gun, I'm aight
Stay outta sight while it's light, and then come out at
night
To make moves again, stomp and bruise again
I know I'm going to hell cause I choose to sin
All my motherfucking life I been the Devil's advocate

Mad niggaz never even knew the devil had a kid
But he does and when you hear the buzz of the
chainsaw
You'll know what I'll split your motherfucking brains for

Get it on the floor
Get it get it on the floor (WHAT?!)
Get it on the floor
Get it get it on the floor (WHAT?!)
You don't wanna party then your ass gotta go (WHAT?!)
You don't wanna party then your ass gotta go
Now you can ride to this motherfucker (uh)
Bounce to this motherfucker (uh)
Freak to this motherfucker (let's get it on)
Get it on the floor (WHAT?!)
Get it get it on the floor (WHAT?!)
Get it on the floor (WHAT?!)
Get it get it on the floor (that's right)
Get it on the floor
Get it get it on the floor (WHAT?!)
Get it on the floor
Get it get it on the floor (WHAT?!)
You don't wanna party then your ass gotta go (WHAT?!)
You don't wanna party then your ass gotta go
Now you can ride to this motherfucker (uh)
Bounce to this motherfucker (uh)
Freak to this motherfucker (let's get it on)
Get it on the floor (WHAT?!)
Get it get it on the floor (WHAT?!)
Get it on the floor (WHAT?!)
Get it get it on the floor (that's right)

Don't start nothing, it won't be nothing
Don't start nothing, it won't be nothing
You wanna start something, it's gon be somethin
You wanna start something, it's gon be somethin
Don't start nothing, it won't be nothing
Don't start nothing, it won't be nothing
You wanna start something, it's gon be somethin
You wanna start something, it's gon be somethin
Yo yo CMON
