(Hey baby how you doing?  
Come on baby, don't worry about them  
You can get any of these guys in here  
Come on mama! )

You're just a girl  
That anyone would love  
Don't worry about a thing babe  
You're just a girl  
That anyone would love  
Don't worry about a thing babe  
Uh uhh uh don't worry about a thing

They just don't understand  
That me and you are friends  
And just cause we hold hands  
Don't mean that I'm your man  
And baby you are so fine  
You got to let them know  
That you're available  
To take it to the floor

Drop it in the scene  
Your making everybody see, That  
You're so gorgeous  
You're so gorgeous  
Drop it in the scene  
Your making everybody see, That  
You're so gorgeous  
You're so gorgeous

You're just a girl  
That anyone would love  
Don't worry about a thing babe  
You're just a girl  
That anyone would love  
Don't worry about a thing babe  
Uh uhh uh don't worry about a thing

So insecure  
Got attitude  
But she look so good

Baby why you tripping  
Her body is so fly  
I wonder why  
She feels like that  
She's got every dude tripping

The way she walk the walk  
Make me wanna talk the talk  
She put her hair up  
Looking sexy make me wanna tear it up  
I know is not cool  
But she's got me acting like a fool  
I don't really think I should  
I don't really think I should

You're just a girl  
That anyone would love  
Don't worry about a thing babe  
You're just a girl  
That anyone would love  
Don't worry about a thing babe  
Uh uhh uh don't worry about a thing

So insecure  
Got attitude  
But she look so good  
Baby why you tripping  
Her body is so fly  
I wonder why  
She feels like that  
She's got every dude tripping

(Uhhh wooo oo oo  
Uhh uh uh uh  
I know that we have been friends  
I know that is insane  
I just wanna get to know you girl  
Oooooohhhhhh  
Uhhhhh  
You so fly  
Uh yes you fine  
Uh ye eh eh eh  
Yea eh eh eh ehhhhh)
