Gotta have you
Working over time
Does it matter
If it cross the line

I'm addicted
Keeps me up all night
I don't care if
It's wrong or right

Do you know, does it show what I really want
Do you know, do you know

Is it love that I feel for you
Tell me, what am I supposed to do
Can't you see what it does to me
Confusion is poisoning my mind
Love is killing me
Love is killing me

Turn the lights down low
Take it nice and slow
Push your body
Real close to mine

Be delighted
You're invited
Gonna take you
Higher than high

Do you know, does it show you what I really want
Do you know, do you know
Is it love that I feel for you
Tell me, what am I supposed to do
Can't you see what it does to me
Confusion is poisoning my mind
Confusion is poisoning my mind
Love is killing me

Don't you hesitate
Don't you be afraid
We can't go on like this

Our backs against the wall
This time we're gonna fall
Fall in love
In love

Is it love that I feel for you
Tell me, what am I supposed to do
Can't you see what it does to me
Confusion is poisoning my mind

Is it love that I feel for you
Tell me, what am I supposed to do
Can't you see what it does to me
Confusion is poisoning my mind
Confusion is poisoning my mind
Love is killing me
