It's a little messed up round here, no one told me to  
dress up  
Well, you, wow, how ? This is pretty damn queer  
Oh shit now we're stuck together for real  
Oh I can see you're looking down on me and  
Frowning and groaning oh I don't like this, no I don't  
like this  
Did i just hear your stomach gurgling like this - ooh  
It's a little fucked up to be stuck in here don't you  
think  
Well now you're laughing at me, but you wont trap me  
Cos I know how to dodge your tricks, that's all right  
with me  
Please do take your time I said i'm cool, i'm cool,  
I'll let you be um -cynical, critical, lyrical, chemical  
Well brother you can do better than that I assure you  
Cos you could be seminal criminal eminal animal -  
Seminalcriminalesimalanimal bi-biblical  
And god knows- analitical  
Hello kids  
I'm gonna have the sharpest flow  
And you're gonna tremble and go home  
Go home  
Well no i'm not going anywhere cos I wanna stay  
And beg you to tell me your secret tips  
I'll let you taste my lips if I have to but please  
Tell me how, teach me how  
Tell me how, teach me how !  
Oo mister... can i call you twista, huh ?  
Guess who resurrected, guess who's infected  
Guess who's trying to jump out the frame  
Escape the flames of hell on my back  
But no, you never expected, mister inspecta,  
Never expected this to spoil your diagnosis,  
Lord knows your hypothesis' whack  
You should know who's leading the plot right now  
You should see who's feeding the wolves by now  
Well now its time to grab my lipstick and  
Blab til my lips burnred, anyway  
You're not alone on the ring, no you never was  
You're not the only bloke with a sting  
Ever heard of a crowned fighter dressed all in white

Ever heard of the mighty lady queen dot kong  
Queen dot kong
