Itoshi ikisetsu wa tada nai kareteku  
Nakushita hibi wo oshi mudake ja naku  
Kore kara ota tsureru kirameki tsuka mou

Lovely season flowing stream simply free  
The losing paragraph it is just it spares everyday life not  
to be  
The glitter which it visits from now on you probably will  
bite hard

Nagareru kumo nagame te ta  
Kisamu to kika mishi me te ta  
Tsuyoi mizashi mo saketsu hoteru karada  
Sukoshi ya keda kata dake ga  
Natsuno yoi n noko shiteru  
Zutto sobani ite to ne ga  
Utage sotto

When the cloud which flows your watching cutting it  
has clamped  
The body where it is and does not avoid  
Either the positive shining and feels the hot body  
Alittle just the beam shoulder is leftover  
After effect of the summer  
Directly to side being, just ask you, quietly

Chiisana shin to kyuu kuni kaese mo  
Kawaranai omoi ga kudakeru made  
Hontou to kimochi ga tsukawari masu you ni

The way expression having this thought the expression  
it increases  
Does not serve the thinking which to the example  
If praying was shut in the fossil of the amber

Kohaku no kaze kiro naka ni  
Inori yo tojikometa nara  
Toki ga tatsu hodo kagayaki dasu koi yo  
Kurai to shimae wa kitto  
Awa no you na yasashisa ni  
Kururu koto ga dekiru no de shoune dakedo

The time about it starts shining in love  
If a example it is in the kindness certainly like the  
bubble  
Don't you think?  
Touch thing comes out  
And it probably is but

Itoshi ikisetsu wa tada nai kareteku  
Nakushita hibi wo oshi mudake ja naku  
Kore kara ota tsureru kirameki tsuka mou

Lovely season flowing stream simply free  
The losing paragraph it is just it spares everyday life not  
to be  
The glitter which it visits from now on you probably will  
bite hard

Omo wa zashi okazeta kizukumete wa  
Hito wo enda tokimeki hokoru yo  
Kohaku ni tojikometa awai omoi  
Samete kokoro ni himete omo wa sete

As for the unintentional which not thinking satly wind  
you hold and is less crowded  
The throbbing which smiles suddenly you are proud  
It shuts in the amber, the thinking which is faint  
Atleast concealing in heart making it think

Chiisana shin to kyuu kuni kaese mo  
Kawaranai omoi ga kudakeru made  
Hontou to kimochi ga tsukawari masu you ni  
Kimochi ga tsukawari masu you ni

Dear, the season flowing simply  
The losing paragraph it is just it spares everyday life not  
to be  
The way expression having this thought the expression  
it increases

Kimochi ga tsukawari masu you ni

The way expression having this thought the expression  
it increases
