Saikindou shita no'Fushimegachi da yo
Tokui no dokusetsu mokage hisome
Seken wa rifujin nakoto bakari demo
Yowaki jakotae sura mitsukaranai
What's been the matter recently'You've been looking
down
Even your harsh language, which you were proud of,
has disappeared
Even if this world is just unfair,
As for the weak, even the answers won't be found
Arashi ga satta yoru wasora itsumo yori sunde
Mabataku hoshi ganage KISSU mayotterubokura ni
On the nights the storm goes away,
The sky is clearer than usual
& the twinkling stars are blowing kisses to us
Kagayakuashita wasugu soko ni
Kodou gakiseki wo yuriokosu
Ima sugufutari dejikan tomete
Yuuhi gatokedasuchiheisen no kanata e
Tomorrow is shining
& the beat will stir up a miracle there
We're together & time stops immediately
We go beyond the horizon where the evening sun
begins to melt
Yokei na nimotsu wasutete shimaou
GIBUSONhitotsu dake motte ikou
Mokuteki kimenaidekimama ni yukeba
Sabitsuita unmei womawaridasu
Let's throw away the excess baggage
Let's just take the Gibson (guitar)
If we can go willingly without choosing a goal,
Even the rusty fate will begin to pass
Yotei chouwa no hibi momikake dake no jiyuu mo
Nagisa ni subete nagashite shimaeba iikono mama
Even on the days of the preestablished harmony,
It's better to throw everything to the shore,
Even if it's just the freedom in appearance
Mabushiikisetsu ganagaretemo
Kawaranuomoi wodaite iyou
Negai nokakera wakaze no naka
Sukoshi noyuuki detsukameru kara
Even if the sparkling season passes by,

Let's hold onto the memories that don't change
The fragments of the wish are in a dream
You can grab them with a little courage
Tobu koto ni tsukaretarahane yasumereba ii yo
Juubun ganbatta kimi wobokura wa shitte iru
When you are tired of flying,
It's better to rest your wings
We know that you did your best
Kagayakuashita wasugu soko ni
Kodou gakiseki wo yuriokosu
Ima sugufutari dejikan tomete
Yuuhi gatokedasuchiheisen no kanata e
Tomorrow is shining
& the beat will stir up a miracle there
We're together & time stops immediately
We go beyond the horizon where the evening sun
begins to melt
