[intro]

Ridin in my escalaaaade.. riding riding riding
Diamenz in the back, sunroof top, diggin in the scene
with the gangsta lean..
Ooh ooh ohh.. ooooo oooo

[verse 1]

Do you love.. money, chasin papers and doin capers
Bending the chi and then vegas like you one of the
Lakers
Steady cuffin that paper, ladys can't fake us, so I stay
cautious regardless
Like a million dollars keep sparkin better yet it's that
V.I.P barkin
(niggaz aint ready to die)
Cause please, that be me sparkin sharp and bendin
calm in that lac
Bendin hard with ladys slobbin and bobbin
Aww man I been on that chick since back in college
See, she like them top notch with the glock cocked
Put the money and glock block them CEO's who invest
in stock plots
Substance blowin out the sunroof with your drop top
Smokin on that chop flop ladys call me pa pa and
groupies call me na na
So cha cha like legit do whatever suits that fit you
If paper be your issue, then you be your issue
But this paper make that paper, and this paper make
that paper,
This paper make that paper so you stay away from
haters

[chorus]

We rock diamenz in tha back, sunroof top, diggin in the
scene with the gangsta
Lean, ooh ooooooh
We rock diamenz in tha back, sunroof top, diggin in the
scene with the pimpin
Lean, ooh my, my my, and smoke and ride

[verse 2]

You can see it in my eyes when I'm hustlin, burnt up
tryin to come up from
Nothing
I be stackin them stacks bringin em back in the back of
the lac
Talkin in codes to the burn outs hustlin daily got me
turned out
You know my motto to invest and chase that paper like
lotto
Follow, tryin to bring back money in car loads
But it's hard to listen when you tryin to get that
platinum benzy
Or purchase a home for my belo luxury home with a
platinum visa
Its hard to imagine something like a nigga tryin to
catch an orgasm
Track that feeling like a spasm
Tryin to study passin, got a passion gotta count that
cheese
They off in the breeze but it aint nothing
If you got that paper then say something
Better put it away Cause the day comin when you fall
off,
When you just wanna hall off with four sawed offs blow
it all off
Recognise it's the big faces that count, better yet better
stay flexed
Check the paper stay stressed and get all the dough
whether it's fast or slow
Get up to the point where the cash will flow
Burger King and Mcdonalds really aint the way the best
will go
And it's so cold in these windy streets
When the ends meet your life will be ends deep with
white shit

[chorus]

We riiiide

We rock diamenz in tha back, sunroof top, diggin in the
scene with the gangsta

Lean, oooh ooooooh

We rock diamenz in tha back, sunroof top, diggin in the
scene with the pimpin

Lean, ooh my, my my, and smoke and ride

[verse 3]

This is my motto, pop the first bottle

Louie call 1 3 grab the key then follow

Ride up to my home paid for mansion celebrating you
ladys on tables dance on

M O N E Y got to have it me I remember hustlin when I

was a shorty
Now or a forty X5 5 of those sit back relax and private
show
No how it go more money more problem well the
problem is you solve it
Don't let the money become you you take it and revolve
it
No matter how you get it you hustle and go get it
square stick with it
Make sure all the numbers split Cause all of them done
did it

[chorus]

We rock diamenz in tha back, sunroof top, diggin in the
scene with the gangsta
Lean, ooh ooooooh
We rock diamenz in tha back, sunroof top, diggin in the
scene with the pimpin
Lean, ooh my, my my, and smoke and ride
