This is the story of Betty and Sue
Two women left their husbands... For each other
(One, two, three and... *laugh*)
I was watching opera yesterday
And Gloria Steinem came on to say
Gloria Steinem? Who's Gloria Steinem?
Gloria Steinem's a famous feminist
She says there's no separation between housewife and
feminist
She says you can be a housewife and a feminist
Really?
All you housewives can be
Famous feminists just like me
Now I am cooking the veggies and valuing myself
(Cooking the veggies and valuing myself, cooking the
veggies and valuing myself)
Gloria where have you been? (Where have you been?)
You've become my inspiration (My inspiration)
Gloria where have I been? (Where have I been?)
All these years I've been listening to Jim
Get out of the way of the game
Where is my dinner?
Gloria please save me now (Save me now)
I need to free myself please tell me how (Free myself)
I am becoming a coward
Gloria Steinem, where are you now?
Gloria Steinem, wait a minute,
I heard on public radio that Gloria Steinem was gonna
be speaking at a rally for women's rights in Washington
DC!
Gloria, Gloria, I'm buying my ticket today
I'm going to the rally in Washington
I'm gonna see her at the rally in Washington
I'm gonna find her at the rally in Washington
I can't wait for the rally in Washington
Shit Sue! What am I gonna tell Jim?
Well... tell him you're on a business trip
Business trip? Sue, I'm a housewife...
Alright, tell him you're abducted by a strange group of
aliens
No Sue he watches the X-files he knows the difference
between real aliens and fake aliens

They took a specimen out of your left breast and
planted it into Washington DC and you've gotta go
there to rediscover a part of yourself
Rally? Women's rights? Who the hell you think you are?
My name is Betty and my name is Sue
And there's a lot of thing we can do
Cause we are, wannabe feminist housewives
Yeah, we are gonna be feminist housewives
See you later Jim
I'm going to the rally in Washington
Byebye!
Well that was five years ago, today
I said: Herb, you can take you're SUV and shove it up
your ass
Me and Betty, we're hitting the road
I'm switching out of wife mode
I don't know Herb; it's not like I have anything against
you
It's just; well you're not really my type Herb
Look, look, there's no need to argue, this is goodbye
Herb
And Herb, I'll try not to slam the door on my way out
okay
And try not to choke from the dust coming from my
heels, Herb
Oh and Herb, don't forget to feed Olive Oil
Bye Olive Oil (Meow)
And suddenly, Betty and I were free
We were finally free
Going to the rally in Washington
On the road to the rally in Washington
I couldn't wait for the rally in Washington
Hey Sue, we're almost to the rally in Washington
Well I'm sure it's not hard for you to imagine what
happened in that car on that road to that rally in
Washington DC, right?
Some people say that it was, that it was destiny that
Betty and I got in that car and got on that road to go to
that rally.
Some people say that a band of angels guided our car
on that road.
Who knows?
Something about the moon, or the way her skin mixed
with vinyl
I realize, Sue, I've been lusting after her for four years
now (I've been lusting after you for four years now)
Betty, I've been lusting after you for four years now
(I've been lusting after you, for four years now)
Oh my god Betty
Oh my god, Oh, My, god
I'm a dyke

I'm a dyke
I'm a dyke
I'm a dyke, dyke, dyke, dyke, D-D-D-dyke
We're great moms
(Hahaha, I wanna do that again)
