will you miss me my dear  
and my wild wiLd hair

maybe love is underwater  
and i am caught on the rocks  
i am not your enemy's daughter  
i see your mind it blocks

take me through  
the pot-luck romance  
drug me up on cardboard wine  
cOme undress me  
call me someone else's name

we could fuck to wheel of fortune  
be the Vanna feminists  
dress me up in sparkly skins  
you could be the prince of it

will you miss me my dear  
and my wild wild hair

sorrys are like promises  
thEy get bigger every time  
they grow like weeds and laundry  
and they infect my mind  
we talk hotels  
we talk whiSkey  
under water  
over thinking

we could be the wind  
we could be the wheels  
we could jump right in  
we cOuld be the fields

there's a well inside of me  
throw a penny iN  
and watch me cry  
i was raised on a dead end street  
and the only end is Goodbye

will you miss me my dear  
and my wild wild hair
