i got a confession to make
this step was hard for me to take
i thought for sure that i was not your type

you're full of grace and elegance
your love for me did not make sense
ive always been an ordinary guy
until tonight

and the way you lay me down
oh you're a different girl
when the world is not around
in a trance from your dancing flame
oh i guess it's love im in
girl i've never been so unafraid
when you lay me down

you've been just a freind to me but i
can say that there's were many times
the thought of holding you was on my mind

but i was scared to sacrifice
by telling you what i felt inside
i didn't see the passion in your eyes
until tonight

and the way you lay me down
oh you're a different girl
when the world is not around
in a trance from your dancing flame
oh i guess it's love im in
girl i've never been so unafraid
when you lay me down

solo

down oh to a better place
i don't want anything to change
after tonight

cos the way you lay me down
oh you're a different girl

when the world is not around
in a trance from your dancing flame
oh i guess it's love im in
girl i've never been so unafraid
when you lay me down

oh i guess it's love im in
girl i've never been so unafraid
when you lay me down
