You cannot find no place to go
Seek to hide from truth

Running away from those who know
No longer shall we be dooped (oh no)

Where you gonna run to
When you see me coming

Where you gonna run to
When you see that look in mine eye

Where you gonna run to
When there is no place left to hide

Surface is where your purpose is clear
All one does is watch your kind

Fool calculate and mastermind
Manipulation so easy to find

You're running
You're running away
You're running away from yourself
Run Run
Run Running away
But the truth cannot hide
So don't deny (oh no)

Where you gonna run to
When you see me coming

Where you gonna run to
When you see that look in mine eye

Where you gonna run to
When there is no place left to hide

I am asking you
Where you gonna run to?
I am asking you
Where you gonna run when there's no place left to

hide?

Where you gonna run to
When you see that look in mine eye

Where you gonna run to
When there is no place left to hide...
