It's every man for himself now
That's the way it's gonna be
A nation armed and ready
Civil war that's sure to be

In a future as things just keep goin' on
Young people dies
In the future for children

All for one, none for all
All for one, none for all
No none at all

It's a world of confusion
Got to look out for number one
If you don't no one else will

Leaves you under the gun
Alone you stand, a shadow by your side
On your face I can see the misfortune

All for one, none for all
All for one, none for all
No none at all

All for one, none for all
All for one, none for all

All for one, none for all
All for one, none for all
No none at all
