It's every man for himself now  
That's the way it's gonna be  
A nation armed and ready  
Civil war that's sure to be  
In a future as things just keep going on  
Young people dies in the future for children

All for one, none for all  
All for one, none for all - No none at all

It's a world of confusion  
Got to look out for number one  
If you don't no one else will  
Leaves you under the gun  
Alone you stand, a shadow by your side  
On your face I can see the misfortune

All for one, none for all  
All for one, none for all - No none at all
