I hate, you hate, we all hate

Hate on the streets, school deaths increase  
On the rise crack suicide  
Pre-teens with guns, perverted nuns  
This life, I hate it all, yeah

Blood in the east, western disease  
Honest charities, rest in peace  
Politician scum, fucking everyone  
This life, I hate it all

I hate, you hate, we all hate

Fathers teaching sons, hate the different ones  
Religious lies, brainwashed minds  
That is the way kids are brought up today  
This life, I hate it all

I hate, you hate, we all hate

Forgive me if I seem bitter  
Forgive me if I seem cold  
I've taken all that I'm gonna take  
So leave me, leave me alone

I hate, you hate, we all hate, yeah

Girlfriend is a slut, I've had enough  
Two faced friends appear again  
That's their mistakes, maybe one day  
Give me a gun, shoot everyone

Pay back's a bitch, dirty tricks  
End up in jail with no bail  
On death row, you never know  
This life, I hate it all

I hate, you hate  
I hate, you hate  
I hate, you hate  
I hate, you hate, we all hate
