She's got something that I always need
If I close my eyes will you still be listening to me
I feel, I know, have I lost control
I see it now, but I didn't
Where I once stood, now there's an aching hole

And I say the love we've made will always keep us two
'Cos she's a lovebird and I love her and I know she
loves me too
And I say the love we've made will always keep us two
'Cos she's a lovebird and I love her and I know she
loves me too

She's got those ocean blue eyes for me
It's like November in here but it's springtime inside of
me
I feel, I know, have I lost control
I see it now, but I didn't
Where I once stood, now there's an aching hole

And I say the love we've made will always keep us two
'Cos she's a lovebird and I love her and I know she
loves me too
And I say the love we've made will always keep us two
'Cos she's a lovebird and I love her and I know she
loves me too... too...

And I say the love we've made will always keep us two
'Cos she's a lovebird and I love her and I know she
loves me too
And I say the love we've made will always keep us two
'Cos she's a lovebird and I love her and I know she
loves me too ooh aah
