Main tum ko bhulaana chaahtaa hun  
Kaise bhulaaun kaise bhulaaun  
Vo simmati huyee yaadon ke fasaane  
Kaise jalaaun kaise jalaaun  
Meri thakki aankhon ke parde rang badalti moorat  
sajaayen  
Kabhi hataayen kabhi mitaayen phir se teri soorat  
banaayen  
Moorat mein basi bas ek hi soorat  
kaise chhupaaun kaise chhupaayun  
Wo masti ke lamhe mohabat ke jhonke Wafaa ke  
taraane wo rangeen sapne  
Begaane aaj huye sub mil ke phir bhi the kabhi to ye  
apne  
Zehan se wo dhundhali yaadon ka pehra  
Kaise hataaun kaise hataaun  
Meri suhaani khushhaaliyon ko kahaan se lagi hai ye  
bad nazar  
Manzil chhooti kaarwaan chhoote chhod ke mujh ko  
beech safar  
Ye zakhm bhare uljhe paimaane kaise suljhaaun kaise  
suljhaayun
