My heart is a vegabond  
Don't know where it w'd find the mate  
Stuck up in a wandering charade  
Don't know when it would find the gate  
My heart is a vegabond  
Don't know where it w'd find the mate  
[Chased by the dames playing all games  
So many tricks it couldn't be tamed]-2  
Doesn't understand the love signals  
Don't know where it w'd find the mate  
My heart is a vegabond  
Don't know where it w'd find the mate

[What a clown No home no town  
Nowhere on the earth nor on the sky]-2  
Its a star gone astray  
Don't know where it w'd find the mate  
My heart is a vegabond  
Don't know where it w'd find the mate  
A day was better found mate on the platter  
Made phone calls priests were on strike  
So unlucky is the crap  
Don't know where it w'd find the mate  
My heart is a vegabond  
Don't know where it w'd find the mate
