My darling, I would not die  
I would kill for you  
And let me choose the man who is the sacrifice  
Shout and groan and cry and bite  
Make me forget my pain  
Scratch my back and pull my hair  
Make me forget my name

I am the Grassman  
Put me where you choose  
I am the Grassman  
I will burn for you

Come the storms that try to doubt us  
We won't feel the rain  
Alas the world is worthless now  
I see my fate  
Darling, you are my heroine  
The everything I need  
Come into my arms  
Don't let me bleed

I am the Grassman  
Put me where you choose  
I am the Grassman  
I will burn for you

I am the Grassman  
Put me where you choose  
I am the Grassman  
I will burn for you  
I will burn for you... yeah

Up on a hillside in the night  
Burn so fierce I scorch the sky  
Join me now, stand by my side  
And in the morning we'll be gone  
Let the blessed people come  
They're standing in the shadows where you shone

I am the Grassman  
Put me where you choose

I am the Grassman  
I will burn for you

I am the Grassman  
Put me where you choose  
I am the Grassman  
I will burn for you

I am the Grassman  
Put me where you choose  
I am the Grassman  
I will burn for you
