And a four letter word is overrun
And a heart raised by fools burns everyone
Well, you lied to me like it's never been done before
Well, you lied to me
You've lied to me

And a face of confusion's overdone
And the stars of my youth are all but done
Well, you lied to me like it's never been done before
Well, you lied to me
You lied to me

Well spin your head around
Be happy but profound; run for your life
Am I stupid or just brave?
Well they're basically the same

Woe, leave me
Fumbling in my sleep
And whirl my insides
Stay with me
Sure I made mistakes
Pull out my insides

Like a face, my old friend, that led you on
And a heart full of whirls made you numb
Well, you lied to me like it's never been done before
Well, you lied to me
You lied to me

Spin your head around
Be happy but profound; run for your life
Am I stupid or just brave?
They're basically the same

And woe, leave me
Fumbling in my sleep
Whirl my insides
And stay with me
Sure I made mistakes
Pull out my insides

Do I need to hide anymore?
Do I need a heart anymore?
Do I need to hide anymore?
Do I need a heart anymore?

And woe, leave me
Fumbling in my sleep
Whirl my insides
And stay with me
Sure I made mistakes
Pull out my insides
My insides
My insides
My insides
My insides
