Young and confused
Socially abused
Can't find liberation
Fucked up in a hole

Take my life
Hold me until I die

Force feeding me
Umbilical delinquency
Shoot me in a vein
Fuck me in the brain

'Till the feeling's gone
Then just turn and run
Experiment addiction
Dependency is form

Take my life
Hold me until I die

Take my life
Hold me until I die

Take my life
Hold me until I die

Take my life
Hold me until I die

Take my life
Hold me until I die

On and on and over again
My heart stops beating
And the room starts spinning

On and on and over again
My heart stops beating
And the room starts spinning

On and on and over again
My heart stops beating
And the room starts spinning

On and on and over again
My heart stops beating
And the room starts spinning
