If this is a dream,
please don't wake me when it's over
Forever we'll sleep,
and it's all coming back to me now

I think I got a little carried away,
carried away
I got a little carried away,
but it was worth it 'cause

Your kiss left the deadliest taste on my tongue
Your kiss, and I'm beginning to think I'm not the only
one
Your lips tune the poison and seductions of
Your kiss, and I'm beginning to think I'm not the only
one

Dancing with the devil's wife,
begging her to take your life
Daddy's girls grow so obscene,
I'll make it sitting murder queen

I think I got a little carried away,
carried away
I got a little carried away,
but it was worth it 'cause

Your kiss left the deadliest taste my tongue
Your kiss, and I'm beginning to think I'm not the only
one
Your lips tune the poison and seductions of
Your kiss, and I'm beginning to think I'm not the only
one

Completely obey us
Smiling like a scarecrow in a burning field
Completely obey us
Holding on for dear life like it's something real

Your kiss left the deadliest taste on my tongue
Your kiss, and I'm beginning to think I'm not the only

one
Your lips tune the poison and seductions of
Your kiss, and I'm beginning to think I'm not the only
one
