There's a certain amount of enjoyment
In watching someone die

There's blood everywhere
I'm losing my mind
You erase your memory (you erase your memory)

Took a drive downtown
I became sick to my stomach
I wanted to throw up in the streets
I picked up that lady in the picture that I was telling you
about
I picked her up in my car, and fucked her
I killed her
At the Desert Palms Motel
That bitch didn't know what hit her

So to fulfill these dark sexual urges,
Prostitutes
Yes, I acted on every twisted and sadistic fantasy I had
ever had
I began to change
I had an obsession with? and control over others
My sexual appetite increased and became violent

"I have many demons I face every day"
"Who else lives inside of you?"
"We haven't met, but he shows up from time to time,
and it's almost as if I black out."
"What happens after you wake up from these
blackouts?"
"The people are dead and I'm covered in blood.
Sometimes there's blood in my mouth."
"Could you have cut or hurt your mouth?"
"No, it's not my blood. Whoever takes over me has a
thirst for blood it seems. And to tell you the truth, I'm
beginning to like it myself."
"It sounds as if you have become the very evil you set
out to destroy."
"I was always easily influenced...
I was always easily influenced...
I was always easily influenced..."

I was always easily influenced..."
