Can't you see eventually
All I really want to be
Is preferred by _____ (Verse x2)
My whole world (x2)
My world
It crumbles at the thought of you
I watch my time stand still
In my world
It's where I want to be
In my world
I watch my time stand still
In my world
Its where I want to be
This oral spunk
Can't you see eventually
All I really want to be
Is preferred by _____ (Verse x2)
My whole world (x2)
My world
It crumbles at the thought of you
I watch my time stand still
In my world
It's where I want to be
In my world
I watch my time stand still
In my world
Its where I want to be
I don't want to be
Down, down, down
I just want to be _____
I am not afraid
You don't understand me (x2)
Whoa, wah (x3)
I am oral 'till you bring me down
I am not afraid
You don't understand me (x2)
Whoa, wah (x3)
I am oral till you...
Oral spunk
