Dog's Eye View
"Used"

Fuck the shit that
You put on me
You put me down
And make me bleed
I've had enough
Now i can see
You're not my friend
You're just using me

All this time I didn't know
That you played these games
That never showed
You thought I'd never
Catch on to you
The shit you try
To put me through

I can't wait to see
This come back to you
The things you hide, I see
You're just using me

I'm on my own now
But feel so great
To see you struggle
Turn your love to hate
You turn to me
I push away
You're on your own bitch
With yourself to blame

I can't wait to see
This come back to you
The things you hide, I see
You're just using me

I'm on my own now
But feel so great
To see you struggle
Turn love to hate
You turn to me

I push away
You're on your own
With yourself to blame
To blame
To blame

I can't wait to see
This come back to you
The things you hide, I see
You're just using me

Fuck this shit
You cannot let this be
You're not my friend
You're just using me
