This is my day of reckoning
It's time to even the score
No more mask of friendship towards you anymore
I've played this game for long enough
Been so nice it makes me sick

How does it feel, how does it feel, tell me
How does it feel, how does it feel?
You have no idea

And I just want you to suffer
Remember why you left
Now that we're not together
You have no idea

This is my day of recovery
You've destroyed what we built
I really hope the pain inside won't override the guilt

How does it feel, how does it feel, tell me
How does it feel, how does it feel?
You have no idea

And I just want you to suffer
Remember why you left
Now that we're not together
You have no i
You have no i
You have no idea

You!
Idea!
No!

And I just want you to suffer
Remember why you left
Now that we're not together
How does it feel?

And I just want you to suffer
Remember why you left
Now that we're not together

You have no idea
And I just want you to suffer
Remember why you left
Now that we're not together
You have no i
You have no i
You have no idea

You!
Idea!
No!
