What I see and what I need are two different things  
But I see what I need  
They become the same

C'mon sit back  
Just try to relax and feel a little bit empty inside  
There's still no hope at the end of the rope, it feels  
Like someone has left you behind

Am I standing still?  
Where do we go from here?

What I see and what I need are two different things  
But I see what I need  
They become the same

C'mon this time  
It seems to be fine it feels  
Like someone has left you behind  
The shit rolls out and you try to get out, you fear  
That nothing's left inside

Am I standing still?  
Where do we go from here?

Am I standing still?  
Where do we go?  
Where do we go?  
Where do we go?  
Where do we go from here?

What I see and what I need are two different things  
But I see what I need  
They become the same

Am I standing still?  
Where do we go from here?

Where do we go?  
Where do we go?  
Where do we go?  
Where do we go from here?

What I see and what I need are two different things
