Why can't I seem to step away  
I forced myself to live this way  
Tortured by the druges I take  
Pushed to the edge again

Can't seem to reach a point  
Where I'm comfortable (I'm comfortable)  
Awake but asleep  
My mind is unreasonable (Is unreasonable)  
Feeling so weak  
I've become too insecure (Too insecure)  
I hate what I see  
I want this life no more (No more, no more)

Why can't I seem to step away  
I forced myself to live this way  
Tortured by the druges I take  
Pushed to the edge again

Need to believe that  
Substance isn't a cure (Cure)  
I'm feeling the need  
To change this life I hold (I hold)  
I'm looking to see but  
Life is too unpredictable (Unpredictable)  
Stuck in my ways  
I'm trapped inside this hole (This hole)

Why can't I seem to step away  
I forced myself to live this way  
Tortured by the druges I take  
Pushed to the edge again

(Why)  
Its how I feel  
(Why)  
What is real  
(Why)  
Its how I feel

I'm feeling so weak  
I've become too insecure

Stuck in my ways  
I'm trapped inside this hole  
Again

Tortured by the druges I take  
Pushed to the edge again

(Why)  
Its how I feel  
(Why)  
What is real  
(Why)  
Its how I feel

You don't know how I feel  
And this is what is real  
Now I feel  
What is this  
What is this  
What is this  
What is this

What is this?
