We got four letter words with your name right one em
Hypocritical Oath, you took it with gusto
Your collagen smiles you love em likemoney
Your dirty little it doesn't run like clockword

We try not to run, try not to cry
They take you for a lift then they take you for a ride
No you can't sit still and let em have their day, the
City calls - Ruckin the night away

You don't let it fall appart
Their stabbin' little daggers right through your heart
Dont matter what they say

You got fashion nonsense, your off like mil
Our insufficient funds cause you no guilt
The coldest place in the betting shop
Is by the litter bin, you lost the lot

You try not to run
You try not to cry
No you can't sit still and let em have their day, the
City calls - Ruckin the night away

You don't let it fall appart
Their stabbin' little daggers right through your heart
Dont matter what they say

I'm not playng...
We're not playin'

You don't let it fall appart
Their stabbin' little daggers right through your heart
Dont matter what they say
Dont matter what they say
Dont matter what they say
