[Bizarre]

Put y'all guns down, y'all niggas is under arrest  
What would a nigga named Les that's a child molest  
Who wanna confess about the black Smith and Wess  
Pull your girl up out her dress, snatch the baby out the  
nest

Represent the Mid-west, after we drug test  
Look like federal express, leavin a whole lot of mess  
Carry a fat knot, my crew's always looted  
In this corner we have the undisputed  
Champ, doin thugs with craps  
Rob em blindfolded and take they foodstamps  
My team will get your team, we'll see who shook  
Once I pull this nine out you gonna need more shield  
then Brook

Peace to my nigga Dice One and Illin Delph  
The crew took one look at me and pee on themselves  
I start beef when I ran in Japan  
They play Roxane behind my live van

Chorus: repeat 4x

As soon as one of you niggas try to over react  
BLOAW BLOAW, blown to death

[Bizarre]

I want foodstamps passes and weed to get high  
Y'all can kiss this seventy year old handicap girl  
goodbye (she's dead)  
My name ain't Sean cause I ????

Down to kill seventy-six niggas, winnin for the  
Philadelphia  
Your crew's through cause y'all niggas is bad news  
Put niggas to work without the W crews  
The Outsidaz be catching mad misdemeanor  
We be settin shit off like Jada Pinkett and Queen Latifah

Pull my automatic  
Kill this stinkin faggot  
Only hang around unbombers, peeping Toms and  
drug addicts  
Close your eyes and make a wish  
I got ten hoes named Hootie that wanna blow my big

fish  
With this team I got, nigga who can stop me  
Throw a sugar rock out even Ray can out box me  
I want to drink till my breath smells  
Bringin Motown back without Andre Harell

Chorus: repeat 4x

[Bizarre]  
Now who can fuck with me, Eminem, Bizarre and Fuzz  
The illest niggas to ever come out the Dirty Doz  
Strip your team buttnaked and fill em with hot slugs  
My drunken thugs be start fight in clubs  
God forbid if I get a little buzz  
Cheating on my bitch cause I'm buttfuckin her cuz  
You still ain't found out where the hell your daughter  
was  
Got me pissed off, went out and sold her for some  
drugs  
Throwin mad kicks like Bruce Lee boy  
Can't you see that I'm a total bad boy  
Who wanna get they ass kicked in this verbal fight  
Y'all niggas is gettin raped like my dick last night  
Sellin mad weed cause I'm a customer  
They got more drive-bys than in any Blockbusta  
Even Mary thought my style was scary  
Smokin blunts in Frisco and ate rice with Jerry

Chorus: repeat 4x
