I love Lucy  
I love Lucy Liu  
Yes I love her twice as much as you  
Now there's Jolie  
Angela Jolie  
Could you ever look as good as she  
Oh, oh, whoa ho-o-oh

And I just want someone that will come home  
Hey now, hey now, hey now  
Why don't you come  
why don't you come home

Now there's Zeta  
Catherine Zeta-Jones  
Yes her body is perfectly toned  
When I meet her  
We'll be mates you'll see  
And I'll be the guy the guys want to be  
Oh, oh, whoa ho-o-oh

And I just want someone that will come home  
Hey now, hey now, hey now  
Why don't you come  
why don't you come home  
And just one star jump out of magazines  
Into my arms  
Hey now  
We took it too  
we took it too far

You're watching watching you watching me  
You're watching watching you watching me  
You're watching watching you watching me  
You're watching me  
You're watching watching you watching me  
You're watching watching you watching me  
You're watching watching you watching me  
You're watching me  
You're watching watching you watching me  
You're watching watching you watching me  
You're watching watching you watching me

Stop watching me  
Oh, ho-o-whoa

And I just want someone that will come home  
Hey now, hey now, hey now  
Why don't you come  
why don't you come home  
And just one star jump out of magazines  
Into my arms  
Hey now  
We took it too  
we took it too far
