She has no trouble with passion and compassion  
Deciding everything will be fine  
She has her own life, her own life she's telling you  
That's good enough, forgiving f-f-forgiving forgiving f-  
f-forgiving oh

Look at him he was a handsome guy  
Now he's a pretty cute guy  
She says it's  
Better he stopped being him

21st century  
Venus via Mars  
There is no need for the barbershop, we don't need  
guitars  
Modern woman's modern man, they're showing us how  
We're losing c-c-c-control, it's over now

She really don't know what you're thinking you're  
feeling  
Feeling it's getting, it's getting you down  
She has her own life, her own life she's telling you  
That's hard enough, forgetting f-f-forgetting forgetting  
f-f-forgetting to

Look at him, he was a handsome guy, now he's a pretty  
sweet guy she says it's  
Better he stopped being him

21st century  
Venus via Mars  
There is no need for the barbershop, we don't need  
guitars  
Modern woman's modern man, they're showing us how  
We're losing c-c-c-control, it's over now

Take a look in the mirror tonight  
There is something that never changes  
A face so beautiful if any face could be right  
This could be the image of a man and a model for the  
world

Look at him, does he look alright

21st century

Venus via Mars

There is no need for the barbershop, we don't need  
guitars

Modern woman's modern man, they're showing us how

We're losing c-c-c-c-c-c-c-control
