They moved down into town  
Not to be forgotten  
To stay around  
The jasmine's sweet  
The air is complete now

They set up a cornerstore  
To try and make their lives  
A little more  
Their girl was blind  
But she saw more  
Than you or me will ever see

You are the sun  
I wanna see everything  
I will not run  
I wanna be everything in you

They sold bait and fishing string  
And groceries and things  
Everbodies needs  
The jasmine's sweet  
The air is complete she said  
But lately at the cornerstore  
I try and make my life a little more  
I hang around to see her  
A little more

You are the sun  
I wanna see everything  
I will not run  
I wanna be everything in you

They moved down into town  
Not to be forgotten  
To stay around  
The jasmine's sweet  
The air is complete she said  
But lately at the cornerstore  
We try to make our lives  
A little more  
I hang around

Just a little more
