Hey, hey, I'm sorry
I don't mean to bring you down
But these awesome disillusion
Sometimes find a new way out

You think I'm speaking
What I'm feeling is it rage
You say I read it like a
Novelist's unfinished page

But hey, can I tell you
If the things you only knew
Weren't so shocking and so true
Could strip the passion from inside you?

(Chorus #1)

I don't wanna sound, I don't wanna look
I don't wanna feel this way
Just give me one enchanted moment
That will make me want to stay

Hey, now, I'm starting
To make some sense of this
My trees are green and I'm so alive
And I swear I felt a kiss

Like resting after days without a
Single night to sleep,
Someone's bringing all the love
In this world to me

But hey, did I tell you
All the things that I once knew
That were so shocking and so true
Put my passion into you?

(Chorus)

I don't wanna sound, I don't wanna look
I don't wanna feel this way
It's the one enchanted moment
That made me want to stay

But hey, can I tell you
If the things you only knew
Weren't so shocking and so true
Could strip the passion from inside you?

Chorus #1 and #2
