"Suffer"

Independent. I leave you now, to drown in desolation
oblivious to no one.
Perpetual comparison, you realized when I left that you
were done.

Suffer! 'cause this would be your fault. I know it's just
another lie...

You expect me to succumb, snuff your insecurities.
You bounce from friend to friend, you're nothing but a
memory of treasure lost.

We stumbled side by side, we all tried to ignore the
promises you never kept.
You realized when I left that you were wrong, you're
wrong.
Come on.
