Long ago and oh, so far away
I fell in love with you
Before the second show

Your guitar, it sounds
So sweet and clear
But you're not really here
It's just the radio

Don't you remember
You told me you loved me, baby?
You said you'd be coming back
This way again, maybe

Baby, baby, baby, baby, oh baby
I love you, I really do

Loneliness is such a sad affair
And I can hardly wait
To be with you again

What to say to make
You come again?
Come back to me again
And play your sad guitar
