there's a story
where everything could not go right
and i wrote it
i thought about it late last night
can you feel it
a tale that feeds on tragedy
could you read it
the lesson's worth the time

at the end of the story
i'll be alone again alone again
does it seem so convincing
reckless and undefined
just wasted time

What are pages
But days that never seem to flow
What are chapters?
just years i never read
they're all captives
they put the book down years ago
would you blame them
i would have done the same

at the end of the story
i'll be alone again alone again
does it seem so familiar
reckless and undefined
redemption time

all i need is you here
all i need is you here
'cause i'm already yours
already yours and you are mine
you are mine
