I have faith no one believes
I love a God no one can see.
You put your trust into thin air.
That's what they all told me.
But I believed because of fear,
And I can see you crystal clear.
I know that you will, meet me here.

I walk the narrow path.
Perplexed and befuddled.
I'm persecuted, plagued and I'm troubled.

My past my history,
My future's a mystery.
There's only one certain thing
That's for sure.

It's my God who is so real.
He makes my life easier to deal.
With the aid of his goodness.
I experience true bliss.
Do you understand your life is in his hands?

Confusion is my hat;
Centrifuge of hurt is where I'm at.
I request some help with that.

My past my history,
My future's a mystery.
There's only one certain thing that's for sure.

It's my God who is so real.
He makes my life easier to deal.
With the aid of his goodness.
I experience true bliss.
Do you understand your life is in his hands?

I have faith no one believes
I love a God no one can see.
You put your trust into thin air.
That's what they all told me.
