I left your arms, no turning back.
I chose this lonely, lonely road.
I'm on my way.
I don't need you.
A self sufficient superstar.
I'm losing faith.
How I miss home.
This life is costing me my own.
What can I do?
Where can I run?
The world against me soon I'm...
Down in my heart's where I hide you.
Yet where I go is where I find you.
I'll never be ashamed of you.
I'm sorry I've forsaken you.
Easy to see, I need your will to carry me.
There's not a thing that
I can do.
Realization I let You...
Down in my heart's where I hide you.
Yet where I go is where I find you.
I'll never be ashamed of you.
I'm sorry I've forsaken you.
I'm in your arms, came running back.
I left the lonely, lonely road. Whoa oh oh ho oh ho
