The shooting's over, the smoke is clear  
Another notch in my gun  
Another round of ammunition  
Before the damage is done

She wanted this, I gave her that  
She said she will  
I took good aim, she felt no pain  
When I started moving in for the kill

'Cause I've got bullets, bullets  
Bullets to spare  
I've got bullets, bullets  
Bullets to spare

My barrel's ready, my hand is steady  
Tonight I'm ready for fun  
I got my finger, it's on the trigger  
Another night on the run

She wanted this, I gave her that  
She said she will  
I took good aim, she felt no pain  
When I started moving in for the kill

'Cause I've got bullets, bullets  
Bullets to spare  
I've got bullets, bullets  
Bullets to spare

She wanted this, I gave her that  
She said she will  
I took good aim, she felt no pain  
When I started moving in for the kill

'Cause I've got bullets, bullets  
Bullets to spare  
I've got bullets, bullets  
Bullets to spare

'Cause I've got bullets, bullets  
Bullets to spare

I've got bullets, bullets  
Bullets to spare
