Let me tell my story
Listen up my friends
It shines in the beginning
We all know how it ends

You throw away your life
No rhyme or reason
You live your life like
Your the one that's bleeding

To me it seems so strange
Nothing's gonna change
I guess everybody
Needs to be with someone

Mother never told you
There'd be days like this
Lost in your reflection
Brings you happiness

No one understands
Why you go on
Holdin' on to someone
That's not right for you

Lying in your bed
Was it you that said
I guess everybody
Needs to be with someone
I guess everybody
Needs to be with someone

There's a place in your mind
You can run to and laugh out loud
And it's safe from the nights alone
And it makes you feel
Everything's alright for you

I guess everybody
Needs to be with someone
Everybody
Needs to be with someone

Everybody
Needs to be with someone
Everybody
Needs to be with someone
