"Oasis"

Sometimes long roads
You must travel on
It's not easy
When you walk along

Always searchin'
To see the sun
Then your bright eyes
Brings me back home

Sometimes it's hard to see the sky
Now I know the reason why

Chorus:
You are my Oasis
My calm within the storm
You are my oasis
Always leading me back home

When I miss you
Into the day
One more reason
To keep the faith

Give me patients
Waiting for you
Till that moment
I'll be there for you

Chorus:
You are my Oasis
My calm within the storm
You are my oasis
Always leading me back home
