(Lynch, Brown, Dokken)

Demon eyes  
And the fate is coming down on you  
Fire in her eyes  
The love she gives she says is all for you

Come the night  
You will pay the price  
In the night  
No one by your side  
In the night  
She will come to you  
In the night  
She take you down

Seven thunders  
In her eyes  
Seven thunders  
And no where you can hide  
If you can

Won't stop to look at where she's been  
All the same  
She's telling lies if you believe its true

Comes the night  
You will pay the price  
In the night  
No one by your side

In the night  
She will come to you  
In the night  
She'll take you down

In the night  
You will pay the price  
In the night  
She will come and take your life  
In the night  
She will seal your fate

In the night  
She'll take you down

Seven thunders  
In her eyes  
Seven thunders  
She threw the dice  
Seven Thunders  
You pay the price  
Seven Thunders  
Now she took you in the night  
Seven Thunders  
She told you lies  
Seven Thunders  
The love she brings is not for you  
Seven Thunders  
Seven thunders  
In her eyes
