You move like fire  
You dance like flame  
Resurrecting my senses again  
Never thought it would end like this  
The same as the start of it all  
Would someone stop me  
My world is spinning  
All I want is my day black and white  
Can't you see that my heart is bleeding?  
Gie me reasons  
We live in sunless days  
No horizon through the storm  
Your love I sailed upon  
Like a wind to carry us  
Starless night from the ashes came  
In a daze felt the world was spinning  
I never thought it would end like this  
The same as the start of it all  
All I know is my world is dreaming

All I want is my day black and white  
On a sea full of tears I'm riding no horizon  
You are so far away  
Getting closer  
We live in sunless days  
No horizon through the storm  
Your love I sailed upon  
Like a wind to carry us  
We live in starless nights  
Upon an ocean full of tours  
Searching for the day you will return
