Yo biz, let's send this out to the propmaster kool dj red
alert
Bring the beat in, todd
Yeah, this is how we're doing it for the '93, we're on the
smooth tip
Ha ha, yo biz, kick something funky for 'em, word up

[bizmarkie]

Now people always want to know my strategy plan
For me to use the weird name as "diabolical man"
Well I got diabolical beats, raggedy clothes
And aw hell, I'm even wearing diabolical drawers
I'm not white as barry cauce I'm dirtier than harry
With a rap that's big and fat that mariah couldn't carey
So don't come to me with that same ol' same ol'
Cause I'll knock your butt somewhere over the rainbow
I write rhymes that jam more than jelly
So call me the arthur without the fonzarelli, or nelly
Cause I am so bad when it comes to a rap jam
Even robins scream, "holy hip-hop biz man!"
I grab the microphone and go every which way but
loose
Cause I'm the ugly ducking that seduces mother goose
And I don't be using flipping tounge twisters
But I still get better in time like the whispers
But older crews you see can't stay as loose as me
Cause old school rappers just ain't what they used to
be
So up your nose with a rubber hose
And every brother knows that your style's older than
my grandma's clothes
But gray skies is going to clear up, so put on a happy
face
Take off that frown and chear up, and put on a happy
face, cause

I'm sing-ing-ing-ing in the rain ain ain (repeat 7x)

Ah ah ah ah ah

I start with a rhyme as I enter your mind
I hit so hard even michael jackson won't remember the

time

So here I come a bombing every time I home in to
Off a funky drummer boom I get hot as donna
summers

Cause I reigh supreme as a rap brainstorm
>from corner to corner, I'm dropping some more on ya
Not tony toni tone, cause I came to warn you
That I even reign in southern california
Everybody talking bout biz is hype
Cause I make dirty harry's day, hell I even make gladys
knight's

Soon I star on abc because rapping def is the best way
to the g

Alphabetically I have to lead you through
Since I'm the m-izza I know to watch my p's and q's
Like the emt's but the b-i-z
I rap so picture perfect I should just stop and say
"cheese"

So if I step up, who's gonna move me back?
Cause scooby doo can't even do that for a scooby
snack

You think you can, you think you can, don't even try it
Cause instead you need to can it like the jolly green
giant

Cause trying to step to biz, you know I'm a diss them
fast

So play like 98.7 and kiss my ass!
Cause me and rap is like peanut butter and jelly
Which reminds me of a song by my man gene kelly

I'm sing-ing-ing-ing in the rain ain ain (repeat 7x)
Ah ah ah ah ah

Now it's the universal language that the biz mark is
speaking

I'm down with blacks, whites, indian, and puerto rican
I'm an african descendent, myself would have say
But I was "boooooorn in the u.s.a.!"

I spent the 80's duking ladies without making babies
So I guess I'm over like a fat rat that never caught
rabies

Went from messing around like tonto with no woman in
3 years

I had one little two little three little indian

B-i-z markie is what it is

And if it's hard for you to spell, then just say "biz"

I'm down with the zoo crew, some kids who act nutty
B-danks, cool v, everett, todd, and jeff

They're my buddies, ha, my buddies, ha

Wherever I go, we go

I pass my april fools in monster may

I pass by so much bull I should say "ole!"
I got friends named raggedy ann and andy
Call my "bon appetite" cause I'm sweeter than john
candy
Don't even knock it, till you try me
Cause the proof is in the pudding, you can ask bill
cosby
Some think I'm bragging, some think I'm boasting
But even smokey robinson would second that emotion
That's why I take through the sky on a natural high
Cause I'm fly-ly-ly-ly-ly, ly ly ly ly

I'm sing-ing-ing-ing in the rain ain ain (repeat 7x)
Ah ah ah ah
